

Optical Fiber Inspection and Cleaning Kits

Troubleshoot failures. Eliminate contamination. Reduce risk of fiber damage. Improve connector performance

Tyco Electronics fiber optic inspection and cleaning kits help eliminate dust, oil, debris, and other contaminants that can cause fiber link problems. Our kits include cleaning tools, an inspection microscope, a visual fault locator, and a CD-ROM with detailed inspection and cleaning instructions, in a rugged carrying case. It's everything you need to perform routine fiber maintenance and troubleshooting, to ensure your optical connectors deliver dependable, high speed performance.

Optical Fiber Inspection and Cleaning Kits

Optical Fiber Inspection and Cleaning Kits A 2064651-1 2064651-2 2064651-3

Items Included with Each Kit					
Visual Fault Locator (VFL) with 1.25 mm Adapter	B	1	1	1	1828352-2
200x Microscope with 2.5 mm Adapter	C	1	1	1	1754767-1
1.25 mm (LC) Microscope Adapter	D	1	1	1	1754765-1
MT-RJ Microscope Adapter	E	1	1	-	1754768-1
MPOA Microscope Adapter	F	1	-	-	1828837-1
MPO Microscope Adapter	G	1	-	-	1828836-1
Termination Training, CD-ROM	H	1	1	1	2064710-1
2.5 mm Stick Cleaners (10/package)	I	5	5	5	1918807-1
1.25 mm Stick Cleaners (10/package)	J	5	5	5	1918808-1
One Slot Reel Cleaner	K	1	1	1	1918803-1
MT-RJ w/pins Reel Cleaner	L	1	1	-	1918804-1
SC In Bulkhead Cleaner (IBC)	M	1	1	1	2064499-1
LC IBC	N	1	1	1	2064500-1
MPO IBC	O	1	-	-	1918809-1
Premium Hard Case	P	1	1	1	TBD

Product Facts

- Densely woven micro-fiber cloth cleans fiber optic connector tips and reduces static charge
- Reel cleaners that work with FC, SC, ST, and MT-RJ connectors, as well as PARA-OPTIX products
- In Bulkhead Cleaners (IBC) that clean male or female MTP, MPO, SC, and LC connectors in adapters, bulkheads, and faceplates
- Stick cleaners with perforated handles for customizing length and angle
- High resolution, 200x microscope to visually inspect connectors before mating
Warning: Active fibers should never be viewed through a microscope

Three Kit Options

- 2064651-3 for Standard Connector Styles (LC, SC, ST, FC)
- 2064651-2 for Standard Connector Styles (LC, SC, ST, FC), and MT-RJ
- 2064651-1 for Standard Connector Styles (LC, SC, ST, FC), MT-RJ, and MPO
